

TIMETRAX™ Sync
Synchronized Clock Systems

SPORTS TRAINING
SIMPLE : SMART®

Build a system...

TimeTrax™ Sync Starter Packs bundle together five clocks and synchronization software. Choose from Wi-Fi, Power over Ethernet or RF Wireless bundles. Every system is simple to install and easily expandable.

Analog & digital clock bundles available.
RF Wireless bundle includes one transmitter
with up to 250,000 sq. ft. signal coverage.

For every environment.

TIMETRATMX Sync

Every clock system uses TimeTraxTM Sync software to point to an accurate, dependable NTP (National Time Protocol) time source and supports an unlimited number of analog or digital wall clocks.

Wi-Fi Wireless

TimeTraxTM Sync Wi-Fi Clock System transmits reliable time using a standard internet connection.

Power over Ethernet

TimeTraxTM Sync PoE Clock System harnesses the cost effectiveness of Power over Ethernet to continuously transmit a reliable time signal over Ethernet cabling.

Radio Frequency Wireless

TimeTraxTM Sync RF Wireless Transmitters use wireless frequency-hopping technology to continuously transmit a reliable time signal.

Synchronized time...

Get ready for game time.

Improve productivity, promote efficiency and tighten up team training with precisely synchronized clocks and digital timers.

Precisely synchronized time is essential to managing day to day sports training operations. Training schedules, practice sessions, and meetings are dependent upon accurate timing.

Pyramid TimeTrax™ Sync Clock Systems automatically maintain synchronized time across training rooms, locker rooms, meeting rooms and throughout an entire sports training facility.

ADMIN OFFICE

LOCKER ROOM

WEIGHT ROOM

Improves productivity.

Promotes efficiency.

Count Up/Down Digital Timer provides precision in time-critical training

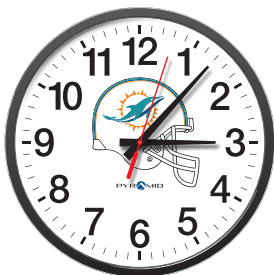

Improves player & staff accountability & punctuality

Standardizes training schedules

Synchronizes time across training room, meeting rooms and throughout entire facility

Tightens up team training.

Automatically adjusts for Daylight Saving Time & power outages

Vibrant LED red digital clocks provide optimum visibility (up to 250ft)

Eliminates wired installs (Power over Ethernet & battery operated systems)

Recommendation: Use 12-Hour analog clocks in general areas, lobbies and conference rooms, and vibrant red LED digital timers in training rooms. Accessorize with dual clock wall or ceiling brackets in hallways for enhanced viewing.

Synchronize & customize.

Make a timely impression by proudly displaying your team logo on custom analog clock faces. Call 888.479.7264 or visit pyramidtimesystems.com for simple, smart details.
